The Science of Health!

Every Man his own Physician.

HOLLOWAY'S PILLS
—AND—
Holloway's Ointment.

Disorders of the Stomach, Liver and Bowels.

The stomach is the great center which influences the health or disease of the system—abused or debilitated by excess—indigestion, offensive breath and physical prostration are the natural consequences. Allied to the brain, it is the source of headaches, mental depression, nervous complaints and unrefreshing sleep. The Liver becomes affected and generates bilious disorders, pains in the side, etc. The bowels sympathize by costiveness, diarrhœa and Dysentery. The principal action of these Pills is on the stomach and the liver, lungs, bowels and kidneys participate in their recuperative and regenerative operation.

Erysipelas and Salt Rheum

Are two of the most common and virulent disorders prevalent on this continent. To these the Ointment is especially antagonistic; its *modus operandi* is first to eradicate the venom and then complete the cure.

Bad Legs, Old Sores, and Ulcers.

Cases of many years' standing, that have pertinaciously refused to yield to any other remedy or treatment, have invariably succumbed to a few applications of this powerful unguent.

Eruptions of the Skin,

Arising from a bad state of the blood, or chronic diseases, are eradicated and a clear and transparent surface regained by the restorative action of this Ointment. It surpasses many of the cosmetics and other toilet appliances in its power to dispel rashes and other disfigurements of the face.

Female Complaints,

Whether in the young or old, married or single at the dawn of Womanhood, or the turn of life, these tonic medicines display so decided an influence that a marked improvement is soon perceptible in the health of the patient. Being a purely vegetable preparation. They are a safe and reliable remedy for all classes of Females in every condition of health and station of life.

Piles and Fistula.

Every form and feature of these prevalent and stuborn diseases is eradicated locally and entirely by the use of this emolient; warm fomentations should precede its application. Its healing qualities will be found to be thorough and invariable.

Both the Ointment and Pills should be used in the following cases: Bunions, burns, chapped hands, chilblains, fistula, gout, lumbago, mercurial eruptions, piles, rheumatism, ringworm, salt-rheum, scalds, skin diseases, swelled glands, sore legs, sore breasts, sore heads, sore throats, sores of all kinds, sprains, stiff joints, tetter, ulcers, venereal sores and wounds of all kinds.

CAUTION.—See that the words "Holloway, New York and London," appear as a watermark on every leaf of the book of directions which enfolds each box or pot. No others are genuine. A handsome reward given for information leading to the detection of counterfeiters of the medicines and venders of the deceptive articles, knowing them to be such. Sold at the manufactory, No. 80 Maiden Lane, and by druggists and medicine dealers throughout the world. A great saving by taking the large sizes. Full instructions with every box or pot.

The Independent Farmer.

Let sailors sing of the windy deep,
Let soldiers praise their armor,
But in my heart this toast I'll keep—
The Independent Farmer.
When first the rose, in robes of green,
Unfolds its crimson lining,
And round his cottage porch is seen
The honeysuckle twining;
When banks of bloom their sweetness yield
To bees that gather honey,
He drives his team across the field,
Where skies are soft and sunny.

The blackbird clucks behind the plow,
The quail pipes loud and clearly;
Yon orchard hides, beyond its bough
The home he loves so dearly.
The gray and old barn doors enfold
His ample store in measure.
More rich than hoarded heaps of gold,
A precious, blessed treasure;
While yonder on the porch there stands
His wife, the lovely charmer,
The sweetest rose on all his lands—
The Independent farmer.

To him the Spring comes dancingly,
To him the Summer blushes;
The Autumn smiles with mellow ray,
His sleep old Winter blushes;
He cares not how the world may move,
No doubts or fears confound him,
His little flock are linked in love
And household angels round him.
He trusts to God, and loves his wife,
Nor griefs nor ills can harm her;
He's nature's nobleman in life,
The Independent farmer.

THE BEAUTIES OF PROTECTIVE TARIFFS.—We need for expenditures about $300,000,000. We agree to raise from customs $150,000,000. To obtain this sum, about $58,000,000 more than England raises from six articles, we tax more than four thousand different articles of imports. But we actually get $75,000,000 revenue from the following six articles: Coffee, tea, sugar, wine and spirits, tobacco and liquors. To obtain the other $65,000,000 only, therefore, we see fit to lay duties on nearly four thousand articles, and charge a duty as high as 150 per cent. on some goods; to get these $75,000,000, we tax no less than $1,000,000,000 of consumable commodities annually, and thereby enhance their price on the average of 50 per cent. We raised, for instance, a revenue of not quite $1,000,000 from 100,000 tons of imported pig-iron. But we consumed 1,600,000 tons of home-made iron in 1868, on all of which the price was raised to the amount of the duty on foreign iron. Thus the tariff compelled the people to pay the domestic pig-iron makers a bonus of $14,500,000 during that year.

We did not raise one dollar of revenue from woolen blankets for the last three years, as there is a heavy duty on this article; nevertheless, the duty compelled the people to pay the manufacturers forty cents in currency per pound, for what can be bought in England for twenty-four cents currency.

The extraordinary number of articles of import taxed, compel us to keep a Custom House staff that outnumbers the armies with which we fought and conquered the savage Indians. We put temptation in the way of these public servants which have bred corruption among them. We offer a premium for smuggling and false swearing; the New Orleans sugar scandal at this moment, and the New York silk scandal of last Winter, will testify to this.

We tax the poor man's clothing, glass, crockery, bedding, fuel and gas; we tax the woolen socks of the baby one hundred per cent., and the brass coffin nail forty-five per cent. And all the misery, vice, corruption and fraud caused by these bad laws are perpetuated to raise seventy-five million dollars revenue from several thousand articles, when the same sum could be got from only ten articles. But then the simpler system would not enrich five or six thousand monopolists, who, under the name of "protection to American industry," imposes those grievous wrongs on the people.—*N. Y. Evening Post.*

WHAT A DEMOCRATIC ADMINISTRATION HAS DONE.—Democrats have reason to be proud of the administration of the State Government under Democratic rule. When they took the reins from the hands of the Republicans, they found the State embarrassed with a large debt, and extravagance in public affairs. They immediately set to work with laudable zeal to lop off useless expenditures and institute more rigid economy. Already they have reduced the State debt nearly a million of dollars, and by a judicious disposition of the tide lands will wipe out almost the entire debt before the close of Governor Haight's term of office. They have done more than this. They found the rate of taxation $1.13 on each $100, and have reduced that to 97 cents. This showing is as gratifying as it is acceptable to the public. They came into power at a time when various plundering schemes had been concocted to rob the State. One set of sharpers wanted the tide lands for a mere song; another, the credit of the State for millions of dollars professedly for railroad purposes, and thus were many plans devised to pluck the Treasury. The advent of the Democratic party to power was the death knell to all hopes of schemers and lobbyists. Millions have been saved in this way, and the State, after the short space of eighteen months under Democratic rule, finds itself on the high road to prosperity.—*Solano Democrat.*

THE IRREPRESSIBLE CONFLICT.—The colored population of Columbus, Texas, and the boys in blue in garrison at that post, do not pull well together. Not long since they had a hand to hand conflict, sticks, rocks, etc., were freely used on both sides. The police force not being able to stop them stood there to act as referee. The freedmen, having the advantage in numbers, compelled the soldiers to retire. "The negro troops fought nobly." Let us have peace.

AGAINST IT.—The result of the election in Tennessee makes it certain, says the San Francisco *Call*, that the Legislature of that State will not ratify the proposed Fifteenth Amendment. So, now, if California and Oregon are true to principle, the Fifteenth Amendment will be defeated, surely.

VIRGINIA RADICALS.—It is estimated that the ultra Radicals of Virginia intend to establish a committee in advance of the meeting of Congress to represent their interests.

The Reliable Contraband:

TOUCHING REMARKS ON HIS DEATH.

Mr. President, and Gentlemen: It is my painful duty to mar these festivities with the announcement of the death of one who is dear to us all—our tried and noble friend, the "Reliable Contraband." To the world at large this event will bring no sorrow, for the world never comprehended him; never knew him as we did; never had such cause to love him; but unto us the calamity brings unutterable anguish—for it heralds the loss of one whose great heart beat for us alone, whose tireless tongue vibrated in our interests only, whose fervent fancy wrought its miracles solely for our enrichment and renown.

In that time what did he not do for us? When marvels languished and sensation despatches grew tame, who was it that laid down the shovel and the hoe and came with healing on his wings? The Reliable Contraband. When armies fled in panic and dismay, and the great cause seemed lost beyond all reasonable hope of succor, who was it that turned the tide of war and gave victory to the vanquished? The Reliable Contraband. When despair hung its shadows about the hearts of the people, and sorrow sat on every face, who was it that braved every danger to bring cheering and incomprehensible news from the front? The Reliable Contraband. Who took Richmond the first time? The Reliable Contraband. Who took it every time until the last, and then felt the bitterness of hearing the nation applaud the man more who had taken it once than him who had taken it six times before? The Reliable Contraband. When we needed a bloodless victory to whom did we look to win it? The Reliable Contraband. When we needed news to make the people's bowels yearn, and their knotted and combined locks to stand on end like quills on the back of the fretful porcupine, to whom did we look to fetch it? The Reliable Contraband. When we needed any sort or description of news, upon any sort or description of subject, who was it that stood always ready to steal a horse and bring that news along? The Reliable Contraband.

My friends, he was the faithfulest vassal that ever fought, bled and lied in the glorious cause of journalism. Thunder and lightning never stopped him; annihilated railroads never delayed him; the telegraph never overtook him; military secresy never crippled his knowledge; strategic feints never confused his judgment; cannon balls couldn't kill him; clairvoyance couldn't find him; Satan himself couldn't catch him. His information comprised all knowledge, possible and impossible; his imagination was utterly boundless; his capacity to make mighty statements and back them up so as to make an inch of truth cover an acre of ground, without appearing to stretch or tear, was a thing that appalled even the most unimpressible with its awful grandeur.

The Reliable Contraband is no more! Born of the war, and a necessity of the war, and of the war only, he watched its progress, took notes of its successes and reverses, manufactured and recorded the most thrilling features of its daily history, and then, when it died, his great mission was fulfilled, his occupation gone, and he died likewise.

No journalist here present can lay his hand upon his heart and say he had not cause to love this faithful creature, over whose unsentient form we drop these unavailing tears—for no journalist among us all can lay his hand upon his heart and say he ever lied with such pathos, such unction, such exquisite symmetry, such sublimetry of conception and such felicity of execution, as when he did it through and by the inspiration of this really gifted marvel of mendacity, the lamented Reliable Contraband. Peace to his ashes!—*Mark Twain.*

WORK AND DISSIPATION.—There was W. Pitt, dead at forty-nine, carrying a British Empire on his shoulders for a quarter of a century, and attempting to carry a pint of port wine daily and a pinch of opium in his stomach, and foundering in mid-ocean with this over cargo. What a wreck was that when Brinsley Sheridan went to pieces on the breakers of intemperance and over work! There too, Mirabeau, that prodigy of health and strength, of versatility and splendid talent, killed by the over-whelming labors and excitements of the tribune and orgies of the night. Sergeant S. Prentiss attempted a double task; and if ever a man might with impunity, he could, with leonine health and marvelous mental gifts. Said a distinguished Mississippi lawyer: "Prentiss would sit up all night gambling and drinking, and then go into court next day and make a better plea in all respects than I could, or any body else at the bar of the State, even though we studied our case half the night and slept the rest." He tried it, and in trying, burned to the socket in forty-one years the lamp of life that had been trimmed to last four-score. A draft upon the constitution in behalf of the appetite is as just as much a draft as in behalf of work; and if both are habitually preferred together, bankruptcy and ruin are sure and swift.

MR. AVERY said he had a case in Court the other day in Memphis. A little fellow was introduced as a witness. The counsel on the other side desired that the witness should be interrogated touching his knowledge of the resposibilities of an oath. The Judge (Radical) propounded the usual questions:

"My little man, what are you about to do?"

"Be sworn as a witness in the case."

"Are you acquainted with the nature, obligations and responsibilities of an oath?"

"Yes, sir, I think I am."

"Well, then, what do you think would be done with you if you were to swear to a lie?"

"I don't know, sir, without the Radicals would nominate me for Congress?"

COMMISSIONER Delano holds that Assessors have full power to investigate returns, and to judge whether gentlemen who live at the rate of ten thousand a year and pay taxes only on one, make honest statements of their incomes.

SLANDERS, issuing from beautiful lips, are like spiders crawling from the blushing heart of a rose.

A Principle at Stake.

In their squabbles over men—their wranglings over individuals—their disappointments and chagrin about particular candidates, the people should not forget that there is a great principle at stake in the coming contest—a principle the success of which is vital to the welfare of California. It will not do to jeopardise this principle in foolish squabbles over men. If one or two second-rate men, or men not personally liked, get into local office, the effect will be temporary, but if the Fifteenth Amendment should be adopted, its evil effects upon the interests of the white race, and upon our republican institutions, would be felt for all time, and particularly in California. To this State the Amendment would be absolute ruin—ruin not only to political, but to pecuniary and commercial interests. As we have clearly demonstrated in these columns; Chinese suffrage will logically follow the adoption of the Amendment. The authors of that measure have declared their intention to open the way for the naturalization of Chinese, and when naturalized, under the Amendment, they can vote in California in spite of all State laws to the contrary. There are in this Stare over 50,000 Chinese who can, in a short time, become voters, if the amendment should be adopted. Their numbers will be largely increased in that case. This vast body of men, alien to our habits, customs, laws, institutions and religion, will be controlled by the agents of the six companies, and they can control every election. What will be the fate of the industrial white classes of this State, if the Chinese have power to choose law-makers, and to control legislation for them? A white man's vote would not be worth the tenth part of an ounce of waste paper. With their immense political power, consolidated in one body, the Chinese could and would, undoubtedly, control the politics of this State. They could say who should be Sheriffs, Mayors, State Legislators, Congressmen and Governors, and they would make them conform to their wishes. The adoption of the Fifteenth Amendment will enable them to do all these things. The result of the election in Tennessee makes it certain that that atrocious measure will be defeated if California is only true to herself, and votes against the Amendment. But if the people here allow themselves to get into local squabbles, and elect men who are in favor of the Amendment, the vote of this State will be cast for the abomination—it will become the law of the land, and in a short time thereafter the free white laboring classes will be voted down at the polls by Chinese coolies. Then good-bye to American institutions and manhood! A long farewell to Democratic greatness—to Republican government! Men of San Francisco, be warned in time! Reflect, and go to the polls and vote as patriots and lovers of the country and institutions should vote. Give your votes for principle, as that is enduring, while men are but frail and short lived!—*S. F. Call.*

DUTY OF DEMOCRATS.—The duty of Democrats is a plain one. On the part of the Democracy, the present campaign must be one of FACTS and FIGURES, and this behooves all Democrats to subscribe for and read Democratic newspapers. None should fail in this duty. The Democratic press of the State is ably conducted. In many localties—we might say in almost all—they are not sufficiently supported. The first duty of Democrats then is, subscribe for your county paper, and endeavor to get your neighbor to do the same thing. That done, if you are able, subscribe for some other good, reliable Democratic sheet published in the State. Every man who votes the Democratic ticket should be well informed—have the facts and figures, to contradict the falsehoods, thick as forest leaves, based on which the Radicals seem determined to make the canvass. Armed with these he can charge home upon the negro and Chinese suffrageites the sins of omission and commission—the violation of the Constitution and of truth, and the profiligate expenditures, and the filching of the peoples' money, that has given an immortality of infamy to the party leaders who are ruling the general government to the disgrace of the American name. Recollect Democrats, that in the same ratio that they are sustained will be the efficiency of your party papers. Go about getting clubs for Democratic newspapers immediately. The wider their circulation the greater will be your victory at the coming elections. Will you, reader, attend to this?—*Mountain Democrat.*

SHE NEVER LEAVES HIM.—Look at the career of a man as he passes through the world; at a man visited by misfortune! How often is he left by his fellow-men to sink under the weight of his affliction unheeded and alone! One friend of his own sex forgets him, another abandons him; a third perhaps betrays him; but woman, faithful woman, follows him in his afflictions with unshaken affection; braves the changes of feeling, of his temper, embittered by the disappointments of the world, with the highest of all virtue; in resigned patience ministers to his wants, even when her own are hard and pressing; she weeps with him, tear for tear, in his distress, and is the first to catch and reflect a ray of joy, should but one light up in his countenance in the midst of his sufferings; and she never leaves him in his misery while there remains one act of love, duty, or compassion to be performed. And at last, when life and sorrow come to an end, follows him to the tomb, with an ardor of affection which death itself cannot destroy.

DEATH OF MARSHAL NIEL.—A Paris dispatch announces the death of Marshal Niel, which occurred on the 14th instant. He first became distinguished in the Crimean war, and won his Marshal's baton at the battle of Solferino.

AN excellent sermon was recently preached by a young minister to a congregation largely composed of venerable fathers of the city, from the words, "Go up thou bald heads." The subject was Reverence.

DEATH OF THE POPE'S BROTHER.—Count Gabriel Mastai Ferretti, brother to Pope Pius the Ninth, is dead. He was ninety-eight years of age, and his death was the result of an accidental fall.

GRAIN.—A special dispatch to the DEMOCRAT, (by Atlantic and Pacific Telegraph,) dated San Francisco, Sept. 27th, says: Private dispatches from Liverpool gives wheat market at ten shillings, a decline of one shilling. No press quotations. The wheat buyers of California have returned from a visit to the interior of the State, and have not purchased a pound of wheat in the last three days.

RADICAL CANDITATES. — With Chas. F. Reed, Geo. W. Scott and the other candidates on the Radical ticket, as individuals, we have no fault to find. That many of them are good citizens we know; that they are all such we are willing to concede. We have no contest with men, and do not intend to assail them with wholesale abuse in a manner and in language more disgraceful to us than hurtful to them. In fact, we entertain none other than feelings of friendship for them. It is their political opinions and affiliations that we oppose, abhor and condemn. As representatives of principles, disgraceful, abhorent, and if carried to their legitimate result, dangerous to the perpetuity of free government, and dishonorable to the people, we oppose them. Such is the spirit in which the Democratic party make this fight and they will win it, without stooping to low, malignant, personal abuse of their opponents.

BEWARE.—The Radicals having no hope of electing their ticket, have determined to make an effort by trading, to elect one or two of their candidates. All the balance of the ticket will be traded for the benefit of those whom they have determined to make their whole fight for. Let every Democrat examine his ticket before voting and see that the name of no Radical candidate has been interpolated. Reware of mixed tickets. Look out for "pasters," and let no Democratic ticket be scratched on election day.

CAN'T BE HEARD.—Upson, Chinese candidate for Senator for Sacramento, has a voice so weak that when speaking upon the Chinese question he can't be heard. Charles F. Reed, candidate on the same ticket for the same office in this county, has not yet been heard, though he is possessed of excellent lungs. If he *can't* talk won't he write a letter *a la* Scott? A man can't go back on words written over his signature. It effectually prevents flopping.

GEO. W. SCOTT is made to say in that "letter," that the Amendment has been adopted by a sufficient number of States to make it the supreme law of the land. Will Mr. Scott permit us to inform him, that the Amendment must be ratified by the legislatures of three-fourths of the States; that but twelve have ratified it; and permit us farther to ask him how many States there are, and if twelve is three-fourths of the number?

GOOD.—Gen. Farnsworth, in his speech to the Radicals of Sacramento, Wednesday night said: "Let the Chinamen come here in numbers, and then your poor men can hire them to do your work for you." This brilliant M. C. did not tell the "poor men" where they were going to get the money to pay the Chinamen.

REMEMBER, if the Fifteenth Aendment is adopted, no legislative or other action is necessary to confer upon negroes in this State the right to vote and hold office, and it confers upon Congress the power to make voters of Chinamen, in spite of any State law to prevent it.

AN ORGAN.—It is said that the Radical disciples of Josh intend, after election, to establish an organ in this place, to be published in the Chinese language. They will import, this time, a Chinaman direct from Hong-Kong to run the concern.

MAKE IT LIVELY.—Democrats of Yolo, you have three working days yet before election. Work, work, work. Let the majority be so large that the worshippers of Josh will never dare to insult the people by lifting their heads again.

How can an honest man, who endorsed the Chicago platform last fall, now advocate the adoption of the Fifteenth Amendment?

UNITARIANS.—The Radicals only believe in one God and that is Josh.

A New Ally.

The Sacramento *Union*, in one of its violent attacks upon the Central Pacific Railroad, forgets itself and makes some rather amusing admissions against its beloved Chinamen and "cheap labor." For example, it says: "It is simply an outrage that the rich firms at the East, who wish to be supplied with cheap labor from China, should be charged but about $10 25 in currency a head for the transportation of their laborers 684 or 810 milles, while the poor white miners, lumbermen, wood-choppers and mechanics of California and Nevada, are charged three times as much for traveling over the same road but half the distance." Now the point we wish to make here, is, that the Chinese can underwork our white people in every way and shape, and can live and travel cheaper, and in addition can overwhelm us with their surplus population. Not only the Pacific coast, but also the whole of our immense country can be overwhelmed in one way and another by Mongolian hordes, who will not be missed from their over-crowded country. They will be able, in the field and at the polls, to entirely overwhelm us of the Pacific coast, and can starve out the working classes of all the old States, both North and South. But the most amusing thing imaginable, is to see the usually cautious *Union*, in the hot eagerness of its quarrel with the Central Pacific Railroad, forget itself and for a moment inadvertently take the part of "the poor white miners, lumbermen, woodchoppers and mechanics." There's where the fun comes in—to see the *Union*, that has been fighting so ably to level the mechanic and workingman down to the Chinaman, at last fire up with indignation at the sight of the unjust action of the Railroad Company in allowing Chinamen to travel cheaper than poor white men! Be cautious, gentlemen of the *Union*, or, the first thing you know, you will be urging the "poor" classes of whites to vote against the Fifteenth Amendment, and all other Radical schemes affecting the attempt to equalize the races at the expense of the poor classes and for the benefit of the monied powers. In another column of the same issue from which we have quoted, may be found articles in the usual and old style—a mixture of prudish self-sufficiency, an exalted and fervent admiration for the Mongolian, an outspoken contempt for the "lower orders," and an especial hatred of the foreigners who espoused the Democratic side in politics. But we can pardon the *Union* its inconsistency, in consideration of its acknowledgment that at least one of the monopolies is discriminating against the white man in favor of the Asiatics.

HOW MANY HAVE RATIFIED. — The Radicals claim, knowing it to be untrue, that the action of this State will have no effect as regards the adoption of the Fifteenth Amendment. The following dispatch from Senator Casserly, showing how many States have ratified, will be of interest to our readers, and show the falsity of the statement that enough States have ratified the Amendment to insure its adoption:

NEW YORK, August 24, 1869.

EDITOR REPORTER: The records of the State Department show the following regarding State action on the Fifteenth Amendment: Complete ratification—North Carolina, West Virginia, Massachusetts, Wisconsin, Maine, Louisiana, Michigan, Nevada, South Carolina, Pennsylvania, Arkansas, Connecticut and Florida—in all thirteen. Defective ratifications—Kansas and Missouri—two. Rejected in Delaware and Kentucky—two. The above dispatch is just received from authentic sources at Washington. It is unquestionably accurate, as shown by the record in the State Department.

E. CASSERLY.

WAKE UP.—The Radical papers come to us this week with their leading columns headed WAKE UP. All right; call them, but you would be as profitably employed in calling up spirits from the "vasty deep." You can't raise the dead—they can't awaken. They sleep the sleep "that knows no waking." We tell you that those you call upon are dead, and they never will awaken until the last great day, and then they will wish they had been permitted to sleep on. At any rate you can't arouse them except you talk to them in Chinese. HI LO! Talk to them that way and if they don't come you may as well dry up.

GRATIFYING OVATION.—On Wednesday evening, as Senator Minis landed at Vallejo, an enthusiastic crowd of his friends took possession of him, bodily, and bore him away in a carriage which was surrounded and followed by a crowd wild with enthusiasm and determined to do honor to the old chief. The scene is represented as having been one of the happiest spontaneous occurrences of the campaign.

SHAKY.—Charley Reed will not get as many Chinese votes as Scott. Cause—Charley will persist in taking occasionally, as in his Democratic and better days, a beefsteak for breakfast. Scott has come down to the regular Chinese diet. We like Scott, he goes the whole hog, (*a la* Chinese) and is coming out next Wednesday wearing a queue plaited in the latest Hong-Kong fashion.

THE Radicals, fallen into the habits of their Chinese allies, are employing an expert in Celestial warfare to hurl those favorite weapons of the Flowery Kingdom, "stink pots," at the Democratic candidates. But they fall short of their mark and only befoul the party himself.

CAN'T DO IT.—Geo. Scott thinks he can "Shanghae" Democrats into voting for him by making a noise about issues not before the people, to drown the racket made by the Chinese gong, beaten by a bogus Chinaman in the employ of the Radical party.

Next Wednesday.

The importance of the election next Wednesday cannot be over-estimated. The effect of the action of the people of California upon the future of the Republic, will be felt for good or evil for all time. Without the ratification by this State it is now certain that the odious Fifteenth Amendment will never become a part of the fundamental law of the land. What will be its effect if adopted, we do not propose to discuss further. It is well understood by the people, having been thoroughly ventilated by the press and from the rostrum. The time for action is near at hand, and let no man who loves his country, who prides himself upon her glory and greatness, who loves his race, who values his proud title of American citizen, fail to do his duty. Let there be no laggards; no one so reckless of his honor, so lost to principle, so wanting in patriotism, so unmindful of the great issues at stake, as to neglect to come out on Wednesday next and deposit his vote and solemn protest against the great wrong and disgrace which the Radical party is striving to fasten upon our nation and our race. It is not enough that we win in this contest; let there be a total, overwhelming defeat administered to those who, devoid of honor or principle, would degrade us to their own and the level of the meanest of earth's inhabitants. There are no old party issues to divide us. It is a time when all patriotic men, forgetting past differences, can act together, each for himself, and all for the country. There is not a question in the contest ever at issue between the parties of the past, and there is no reason for dividing upon a living question and one so important because of former antagonism. Because Yolo county is certain for the right is no reason for neglect by any of her citizens. Let the last man come out, that Yolo's majority may go to swell the grand total of Radical condemnation in the State. Then let there be a full vote, and if every man does his duty, on next Wednesday night will be tolled the death knell of Radicalism in the State of California. Rally for Justice, for Right, for Honor. Give one day to your country.

FOOLS NEVER CHANGE.—W. A. January, formerly of the *Mountain Democrat*, says in the Santa Clara *Argus*: "The fact of a man's former opposition to the Democratic party cuts no figure in our estimation of his present standing politically. Wise men often change their opinions, fools never do. We can well understand how it is that men who voted for Lincoln for President have since become Democrats. The Republicans then professed to uphold the Constitution, and to be devoted to the Union of the States. Since then they have trampled on the former and dissevered the latter. Gentlemen who still revere the Constitution and who believe the bonds of union between the States indissoluble, cannot indorse the trampling upon the former and the violent rending of the latter, and hence have left the party that has done these things and joined the Democracy, as the only party that can re-establish both and restore the institutions of Constitutional liberty in all their original purity and beneficence." A man who will submit to be bound by party ties, and vote to perpetuate or sustain a wrong, is a slave and a craven.

SICK.—The candidates on the Chinese ticket in this county have lost what little hope they once had of an election. They are sick, and wish "they had not said it." We don't wonder. The honor of securing a nomination from a party that recognizes the "universal brotherhood of man,"—a party of inverted aspirations, always stooping, always diving down into the depths for some object lower down than themselves, won't pay. We pity our Chinese friends and would suggest that it would have been sensible to have counted the cost to reputation as well as pocket before placing themselves in a position so unenviable and degrading. There is not a colored man in the town who would accept a nomination from such a party. They are above it. Our Chinese friends *are* very sick, indeed.

THE Constitution of the United States, Article 1, Section 8, says: "Congress shall have the power to establish an uniform rule of naturalization." Adopt the Fifteenth Amendment and Congress, having the power, will make naturalization uniform by making Chinamen citizens. Citizens of Yolo county, white men, if you would have this done, vote for Chas. F. Reed and Geo. W. Scott; but, if you are proud of your name of American citizen, if you would leave it unsullied to your children, vote for those who are pledged to resist the shameful thing—vote for Wm. Minis and John M. Kelley.

IT IS SAID that several of the candidates on the Chinese ticket intend to withdraw. Very well; this second sober thought is good, but it would have been better to have considered the matter before being placed in a position involving the sacrifice of much self-respect. We speak feelingly, as we entertain a friendly regard for several of the unfortunate parties. Better late than not at all, and we are glad that reason, with some of them, is about to resume its sway.

WHY?—The Washington correspondent of the Sacramento *Record* says of Senator Cole: "It is certain that he enjoys a rare degree of favor under the present administration." How is that? he never gave Grant anything.

JACOB SHEW, a '56 Republican, and candidate for the legislature in Sacramento county in 1860, denounces the Radical party and will vote the Democratic ticket at the coming election.

DOUBTFUL.—It is doubtful whether or not the Chinese ticket will be in the field at all in this county on the day of election. The candidates do not feel like investing their money in waste paper.

CURIOUS.—The Chico *Enterprise* says: J. R. Perkins, of this county, took from his ear, a few days since, a grain of oats, which had been troubling his hearing for the last five years.

MARK TWAIN says that the distance per rail from San Francisco to New York is equal to 211 games of euchre, 173 drinks, and 117 cigars.

AMUSING.—To see the Radical candidates for the Legislature trying to eat rice with chop sticks. Scott handles these tools much handier than he does the pen.

YOLO COUNTY DEMOCRAT.

County Official Paper.

TOWN AND COUNTY MATTERS.

MEETING AT DAVISVILLE.—There was a grand rally of the Democracy at Davisville, on Tuesday night. Bonfires blazed, cannon boomed, and the crowd exultant in anticipation of the victory awaiting them next Wednesday. An extra train of cars went down from Woodland, carrying a large addition to the numbers at the meeting. Hon. W. W. Pendegast, J. W. Coffroth and F. L. B. Goodwin, made speeches, and short addresses were made by Senator Minis, J. C. Ball, J. P. Bullock and Hon. J. M. Kelley, county candidates. Davisville is all right on the Chinese question, and that delectable organization, if they conclude to run a ticket, will be beaten one hundred votes in North Putah.

FIRE.—A frame dwelling lately owned by Thomas Barnes, situated on the block South of Main street, on First street, was burned on Tuesday night last. The house was, at the time of the burning, still occupied by Mr. Barnes and by a Mr. Paterson and family. The fire was so rapid in its progress that the inmates barely escaped losing all their furniture and clothing. Mr. Barnes lost, also $125 in Treasury notes. Some coin belonging to the parties was melted, but the most of it in value has been recovered. The total loss to the parties will exceed $1000. The origin of the fire is unknown, but it is supposed to have been the work of an incendiary. No insurance.

PUFF.—We puff as we write. We don't mean that we puff because we are tired or exhausted, or that we are puffing anything or anybody. But we mean that we are puffing a prime Havana cigar, which we captured at Read & Magee's Drug Store. There are many more who would as complacently puff as we do now if they knew where to get the same brand of cigars. Not wishing to monoplize a good thing we write to advertise to those who enjoy a good smoke, that there are plenty of fine cigars at Read & Magee's for sale, at wholesale and retail.

HELD FOR MURDER. — The examination of Wickham, for the killing of John Farris before Justice Henry, on Wednesday, resulted in his being held to answer to the charge of murder. Bail was refused and the defendant committed to await the action of the Grand Jury. District Attorney Ball and I. S. Brown represented the people, and N. G. Curtis appeared for the defendant. The examination disclosed no new information regarding the homicide.

RISING.—The second story of Hall's new brick is going up, and the whole structure will be completed before the rain falls. Hall has shown good judgment in adding a second floor to his building. We have too many low, flat ones for good appearance, and besides, second floor rooms are in demand and will be profitable.

NOT DOUBTED.—Nobody doubts the ability of G. W. Scott to write a letter. The question is *did* he do it? To believe he did is to impeach his reputation for sense and discretion. We believe he can do it, but our regard for Mr. Scott will not permit us to believe that he did.

SPUNKY.—One of the Radical county candidates being asked if it were true that they did not intend to run a ticket election day, replied that he did not not know what the others might do but *he* was bound to make the race if he didn't run a rod.

IT is suggested that the Yolo Literary Society renew its discussions. Let us have another opportunity to observe such scintillations of wit, wisdom and logic as have characterized this institution in days of yore. Let them reorganize.

HESPERIAN COLLEGE. — One hundred and thirteen students' names were enrolled at commencement, the largest number ever present at the opening day. The number will be much increased the coming week.

RED MEN.—Siskiyou Tribe No. 19, Improved Order of Red Men, will give a party at Davisville, Tuesday evening. All are invited.

TELEGRAPH.—The Atlantic and Pacific Telegraph line is up and in working order. Office at the Post Office.

NO SERVICES.—Rev. W. C. Curry being absent, no services will be held at the M. E. Church to-morrow.

THERE are six prisoners now confined in the County Jail.

THERE are 3304 names on the Great Register of Yolo county.

BORN.

Near Cacheville, Aug. 10th, wife of Henry Schneegas, a daughter.

Near Cacheville, Aug. 18th, wife of John Bemmerly, a son.

In Woodland, Aug. 24th, wife of P. C. Robertson, a son.

In Woodland, Aug. 7th, wife of Reuben Kalbaugh, a daughter.

MARRIED.

At Cottonwood, Yolo county, Aug. 11th, by Rev. Thatcher, Dr. J. May, to Miss Margaret B. Hiller.

Business men, worn by care and sedentary habits, often suffer from constipation of the bowels, until the evil consequences of such a condition are realized in extreme debility, nervousness and prostration of the vital energies of the system; and it may be safely asserted that a majority of the female sex are little better than invalids, from the same cause; but by using Dr. Walker's Vinegar Bitters, this natural aperient and tonic brings back the vigor and bouyancy of health.

An exchange says: "The surprising curative efficacy of Dr. Walker's Vinegar Bitters, in a great variety of chronic diseases, especially those which prove obstinate, and incurable by ordinary treatment, cannot be explained. Nature, aided by art, has here provided a rare combination of medicinal properties, wisely adapted to the cure of diseases common to all mankind."

The effect of Dr. Walker's Vinegar Bitters, even when taken for its cathartic properties, are very different from those of any other medicine prepared specially for that purpose. There is no nausea or disturbance of the stomach, and instead of causing any sense of languor, or debility, it seems rather to invigorate the whole system, and excite the keenest appetite.

ELECTRO SILICON.—This curious and valuable substance is confidently claimed to be the BEST ARTICLE ever discovered for cleaning and polishing Gold, Silver and Plated Ware, and all smooth metallic surfaces, of whatever description, including kitchen utensils of tin, copper, brass, steel, etc.

TO HEADS OF FAMILIES.—Are your little ones subject to croup? If so, don't fail to use NEWELL'S PULMONARY SURUP. A few doses given in time MAY SAVE THE LIFE OF A DARLING CHILD. Do not fail to have it on hand, if you would be safe and free from anxiety.

"IN TIME OF PEACE PREPARE FOR WAR."—So get a bottle of DR. E. COOPER'S UNIVERSAL MAGNETIC BALM, an unequalled preparation for Dysentery, Diarrhœa and Cramp. The instantaneous relief for Burns, Bruises and Sprains.

IF you want a Lady's or Gentleman's Gold or Silver **Watch,** of any pattern or price, call on RUGGLES & MACHEFERT.

HESPERIAN COLLEGE.—On Monday evening we were just five minutes too late to witness the opening of the pleasing ceremonies of Commencement day; but, arriving a little late, we found the Hon. W. W. Pendegast, a pupil of the College, in possession of the floor and in the act of delivering a most ornate discourse. It was listened to by an audience, many of whom had known the well-poised orator when in his boyhood as a great, awkward, good natured boy, he was still the pride of both teachers and classmates. His appearance on this occasion, and his really fine oration, might well be matter of pride and encouragement to the persevering and hopeful citizens, who slowly and patiently built Hesperian College. Owing to a rush upon our resources, occasioned by the approaching election and other matters, we have been unable to obtain a full report of the exercises of the evening; so, for the present, we shall be content with mentioning that after the speech of Mr. Pendegast, several sentiments were read and several public favorites, such as the Hon. J. W. Coffroth and the Rev. Mr. Anderson, were called upon by the large audience to respond; but these calls proved all in vain till the audience clamored for Judge Woods, who was never known to fail in the hour of need, and who, in his happiest vein, soon put the audience in a fine humor again. After the conclusion of the remarks of Judge Woods a happy and well-timed sentiment, read by John D. Lawson, in honor of the Press, was briefly responded to by Judge W. A. Henry, of Woodland, who with graphic power and rhetoric, beautifully brilliant and euphonious, gave us at once some interesting statistics and pleasing sentimentalities—one of those happy efforts, just precisely the appropriate conclusion of an evening, otherwise so pleasant and entertaining. It will not do to omit mention of the music which enlivened the interludes consisting of the splendid piano and voice, of Professor Walle, and the marvelous violin of our townsman Woods. The large Chapel connected with the College was full to overflowing, and the doors and windows were thronged with a large outside audience, all of whom went home well satisfied with Hesperian College, the chief of our home institutions and the pride of our county.

INCORPORATION.—Our citizens are agitating with considerable interest the question of incorporating Woodland and starting in motion the wheels of municipal government. Thus far, no details have reached us to show how the proposed corporation shall be carried out. We have met several citizens who have within the past week changed their views upon the question, and who frankly admit their inability to determine whether or not the proposed incorporation will practically amount to a benefit. In the next issue of the DEMOCRAT we shall publish an article (received too late for this number,) written by an old citizen opposed to the incorporation; and, in the meantime, will hold our columns open to whatever may be said on the other side. It is an important matter and should be thoroughly understood and debated before final action is taken in the premises.

CIRCUS.—The great Overland Circus—Dan Castello's—will exhibit in Woodland, Saturday next, Sept. 4th, at 2½ P. M., and at 8 o'clock in the evening. There is in connection with the Circus the largest collection of wild animals ever exhibited on this coast. The grand street parade at 11 in the forenoon, is worth the price of admission. Both Circus and Menagerie under one canvas, all for one price. The advertisement in to-day's paper explains the whole thing.

WE call attention to the card in our advertising columns, of Drs. Bonham & Evans, who have recently located in Davisville, and taken an office on Olive street, opposite the Post-office. These gentlemen come well recommended and are evidently the right men in the right place. Our neighbors of Davisville may shoot, slash and cut now to their hearts' content, with the assurance that they can be scientifically healed and mended.

ENROLL YOUR NAMES.—All voters whose names have been recently placed on the Great Register, by transfer or otherwise, should appear at once before the Board of Registration and see that their names are enrolled on the Poll Lists of their respective precincts. The Board of Registration will be in session on Monday and Tuesday next, 30th and 31st.

RETURNED.—E. Giddings, Esq., returned on Monday from a visit to the Eastern States. The trip, we understand, was pleasant and both Mr. Giddings and his wife, who accompanied him, enjoyed it. Yet they are more than pleased to get home, and they are satisfied that in locating here their lines have fallen in a very pleasant place.

STILL ACTIVE.—The Democratic candidates are still *actively* in the field. The Radical Chinese candidates are actively engaged settling their private affairs preparatory to making the trip to Hongkong. They start next Wednesday.

FATAL ACCIDENT AT DAVISVILLE.—A young man, whose name we were unable to ascertain, in the employ of the Cal. P. R. R. Co. fell between the cars and was instantly killed, as the cars were leaving for this place yesterday morning.

MEETING AT CAPAY.—The Democracy of the upper portion of the county will hold a mass meeting this evening at Capay (Cache Creek Canon). Judge Gwin, of Knight's Landing and other speakers will address the meeting.

SPECIAL NOTICES.

DYSPEPSIA IN THE PACIFIC STATES.—Nowhere in the United States has dyspepsia heretofore been more general, or marked with more distressing symptoms, than in California. Luxury, high living and dissipation in the cities; hardship, privation, irregular habits and the effects of maleria in the mining regions, have combined to render Chronic Indigestion one of the most terrible scourges of the Pacific States. It is a source of satisfaction, therefore, to be able to report the gradual and steady decline of the disease and its distressing concomitants on this side of the Continent. As this happy change began to be perceptible soon after Hostetter's Stomach Bitters had attained this rank of a standard remedy in this region, and as it has become more and more apparent, in proportion to the increased sales of the great vegetable specific, reason suggests that the bane has been ameliorated and checked by the operations of the genial elexir advertised as an antidote. Unprejudiced physicians admit this to be the fact, and abandoning all the ordinary stimulants, as well as the astringent tinctures and mineral excitants of the pharmacopœia, are now prescribing the Bitters as a cure for every form of indigestion. The preparation possesses three great advantages over every other so-called stomachic. It is not merely a tonic, but combines the properties of an antibilious medicine, a gentle laxative, and a blood-depurent, with those of a wholesome stimulant. It neither depletes nor excites; but strengthens, soothes, purifies and restores. No medicine ever introduced into the Pacific region has so entirely gained the confidence of every class of society, or approached in the extent of its sales HOSTETTER'S STOMACH BITTERS. au3-1m

ASIATIC CHOLERA.—THE STRONGEST PROOF OF INTRINSIC MERIT.—DEAR SIR.—I ought to have acknowledged long ago the box of Pain Killer you had the goodness to send me. Its coming was most providential. I believe hundreds of lives were saved, under God, by it. The Cholera appeared here soon after we received it. We resorted at once to the PAIN KILLER, using as directed for Cholera. A list was kept of all to whom the Pain Killer was given and our native assistants assured us that eight out of every ten to whom it was prescribed, recovered. It has proved an incalculable blessing to multitudes of poor people throughout all this region. Our native preachers are never willing to go out on their excursions without a supply of the PAIN KILLER. It gives them favor in the eyes of the people, and access to families by whom otherwise they would be very indifferently received. Believe me, gratefully and faithfully yours, J. M. JOHNSON,
Missionary Swatow, China. au7-1m

YOLO COUNTY DEMOCRAT.

A Girl's a Girl for A' That.

Is there a lady in the land
That boasts her rank and a' that?
With scornful eye we pass her by;
And little care for a' that;
For Nature's charm shall bear the palm—
A girl's a girl for a' that.

What though her neck with gems she deck,
With folly's gear and a' that,
And gaily ride in pomp and pride;
We can dispense with a' that.
An honest heart acts no such part—
A girl's a girl for a' that.

The nobly born may proudly scorn
A lowly lass and a' that;
A pretty face has far more grace
Than haughty looks and a' that;
A bonnie maid needs no such aid—
A girl's a girl for a' that.

Then let us trust that come it must,
And sure it will for a' that,
When faith and love, all arts above,
Shall reign supreme and a' that,
And ever youth confess the truth—
A girl's a girl for a' that.

DIGBY met a friend who is terribly given to fibbing, and accosted him thus: "Been to church to-day, Jones?" "No," was the quick response; "I've been on the bed nearly all the day." "Just as I expected," chimed in Digby, "you're always lying."

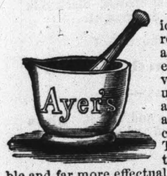
AYER'S CATHARTIC PILLS

For all the Purposes of a Laxative Medicine.



Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative Pill. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel or any deleterous drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity. They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these Pills readily cure:—For Dyspepsia or Indigestion, Listlessness, Langour and Loss of Appetite, they should be taken moderately to stimulate the stomach and restore its healthy tone and action. For Liver Complaint and its various symptoms, Bilious Headache, Sick Headache, Jaundice or Green Sickness, Bilious Colic and Bilious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it. For Dysentery or Diarrhœa, but one mild dose is generally required. For Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back and Loins, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear. For Dropsy and Dropsical Swellings they should be taken in large and frequent doses to produce the effect of a drastic purge. For Suppression a large dose should be taken as it produces the desired effect by sympathy. As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach. An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus. DR. J. C. AYER & CO.,

AYER'S HAIR VIGOR,

For Restoring Gray Hair to its Natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color with gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always cured by its use. Nothing can restore the hair where follicles are destroyed, or the glands atrophied and destroyed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

Hair Dressing,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

Prepared by DR. J. AYER & CO.,

Pacific Protective Association of California.

Incorporated.....Oct. 1868.

OBJECT.

The object of this Association is to secure a cash payment, within sixty days after the death of a subscriber, to his or her heirs or assigns, of as many dollars as there are individuals of the class to which said deceased subscriber belonged.

MEMBERSHIP.

The subscription fees are TEN DOLLARS at joining, and ONE DOLLAR on the death of each subscriber. The One Dollar from each subscriber is paid to the heirs or assigns of the deceased.

THE FUNDS.

The By-Laws of the Association require that a portion of the money received as subscription fees shall be a sinking fund to meet assessments falling due by the delinquencies of subscribers. The balance of the money received to be used for the expenses incurred by the Association.

MEMBERS.

A subscriber failing to pay his or her assessment of one dollar within Thirty Days from receipt of notice forfeits his or her Certificate, and all claims upon the Association, unless good cause is shown for further delay. A subscriber can forward money in advance, which amount will be credited on future assessments. The subscribers are divided into classes including males and females. Each class is limited to 5000 subscribers. As classes are filled, new ones will be formed. No person is so poor that he cannot pay Ten Dollars at joining and One Dollar occasionally, thus securing $5000 to his or her heirs or assigns.

ADVANTAGES.

The advantages of this Association are, that no money panic can effect it. Its benefits are easily attainable by all, and every subscriber added to the Association enhances the interest and protection of all; the amount paid being so small, and only at long intervals, that any person can secure for his family a competency upon his death.

CLASSES.

In class A, all persons between the ages of 15 and 40 year. In class B, all persons between the ages of 40 and 60 years. Any one that has not stated his or her age correctly, will forfeit all money paid and his or her certificate.

One class cannot be assessed if one of another class dies. Classes have no connection with each other.

HOW TO BECOME A MEMBER.

A person desirous of becoming a subscriber must fill out an application and forward with it Ten Dollars by check, draft, or by Express, in gold or silver coin. Persons can pay agents, when regularly appointed and authorized to receive money. Each subscriber should interest himself in obtaining new members; by so doing all are benefitted.

LUMBER WAGONS,

All work manufactured at my shop is under my own immediate supervision, and up to the requirements of the times, of the latest style, and the most

APPROVED PATTERNS AND FINISH!

I employ no "foreman," for 30 years' experience in the trade—10 years in the Eastern States, 20 years on the Pacific coast, (including 9 years superintendence of the "Pioneer Carriage Shop," Sacramento,) justifies me in assuming that position. Delegating to none the supervision of my work, I am enabled to

Guarantee Satisfaction!

My LARGE and SPACIOUS SHOPS enable me to store large quantities of material, and my

SEASONING FACILITIES,

(the only perfect seasoning apparatus on the coast) enable me to defy competition in quality of seasoned work. For verification of above, one has only to examine my facilities in this line, and compare them with those in other shops. I do not pursue the course adopted by many; on the contrary, I season stock before working, and do not put up green stock in wheels, leaving them to season afterwards. I have and keep on hand a large stock of

OAK and HICKORY SPOKES,

of all sizes and the finest material the market affords. Also a large variety of

Elm and Locust Hubs.

Having given the Oak Hub a fair trial, I have become convinced that they are *unfit* for first-class work. Parties who may favor me with their patronage may be assured that

No green oak hubs will be found in my work!

In this connection I would call particular attention to my NEW STYLE LOCUST HUB, turned from my pattern, and imported expressly for this trade and

Found only at my Shop!

Also made to order all kinds of

FARMING IMPLEMENTS!

Plows, Harrows, &c

I have now on hand Harrows of all sizes, with STEEL TEETH, superior to the imported article. In short, I am prepared to fill all orders, from a **Wheelbarrow to a Hornet's Nest.**

The PAINTING and TRIMMING DEPARTMENT

is equal to the best, and particular attention is paid to repairing and trimming old work.

BLACKSMITHING,

In all its branches, is connected with the wood-work, and both are under my supervision.

I have on hand, for sale,

Plow-beams and Handles,
Neckyokes,
Singletrees,
Stretchers,
Clevises,
Fifth-chains,
Lap-Rings,
Harrow-Teeth,
Etc., Etc.

All kinds of Plow and Wagon repairing done with neatness and dispatch. Determined to adhere to my long-established rule of manufacturing only the

Best Work from the Best Stock,

and having served my time at the two branches of carriage-work, (wood and iron) enables me to guarantee satisfaction in all cases, and to know, as foreman of my own shop, when work is

WELL DONE.

To those who have heretofore dealt at other shops, and consequently are unacquainted with my work, I would say GIVE ME A CALL and examine my stock and work. Believing that the surest test of the value of my work can be had in the verdict of those who use it, I respectfully refer the public to

The following named Gentlemen

who have and now are using Wagons and Buggies of my manufacture: E. Giddings, J. Laugenour, J. Aldrich, Mr. High, H. Rhoades, Mr. Taylor, J. Jones, L. B. Ruggles, Gray & Freeman, J. Garoutte, Fleishman & Kaufman, Ed. Moses, S. & M. Hyman, George Scott, Mr. Ludden, Mr. Olds, Mr. Lusk, Mr. Hurlbut, R. Fritz, J. Lane, Wm. Davidson, and a host of others whose names can be given if required

☞ Thankful for past patronage, I respectfully solicit a continuance of the favor.
